Acer forged, CNC milled cavity-back irons, 4-PW, in SteelFiber i80 R-flex shafts, cut to standard lengths. Right-handed. Slightly used as demos. These are superb irons with very stable shafts. Asking \$425 for 7 clubs

Wishon forged carbon steel iron heads, model 560MC, right-hand, 5-AW. The heads are computer milled with a cavity back. These are a fantastic design, now out of production by Wishon Golf. Asking \$50 per head, and we can mount on shafts of your choice for a customized set.

Pinhawk single length stainless steel irons. Right-handed, 5-AW in KBS Tour steel shafts in stiff flex, midsize grips. All cut to the same length, standard 6-iron length of 37.5 inches. This is adjustable, of course. Asking \$250 for 7 clubs

Nice, slightly used set of stainless PM III irons, similar to older Titleist irons. These are mounted in R-flex, iDrive Tour graphite shafts, 3-PW, or 8 clubs. These have small heads, limited face off-set and thin top-line, like clubs that are forged. A good choice for someone wanting a reasonably priced second set. Asking \$200 for the set of 8 clubs

Mallet putter by Hireko in an Apollo putter shaft with a Ray Cook Tour Stroke oversize grip. Right hand. Cut to 33 inches, and includes a head cover. This has a hefty swingweight at D-6, and good alignment lines for accurate putts. Asking \$120

Nano Tech graphite iron shafts, from UST. Regular flex, from 4 to PW. 7 shafts, 0.370 tip. The shafts come with Golf Pride multi-compound grips, men's regular size, in very good condition. Asking \$20 per shaft, will sell as a set.

A set of 7 steel iron shafts, stiff flex, from 4-PW. 0.370 tip.

These are KBS shafts without shaft labels. They each have a Golf Pride multi-compound grip, men's standard size, in very good condition. New KBS shafts retail for over \$40 each.

Asking \$28 per shaft with grip included. Total +\$196 for 7.
